THE RAT PACK

WEAR Gray suits and white shirts

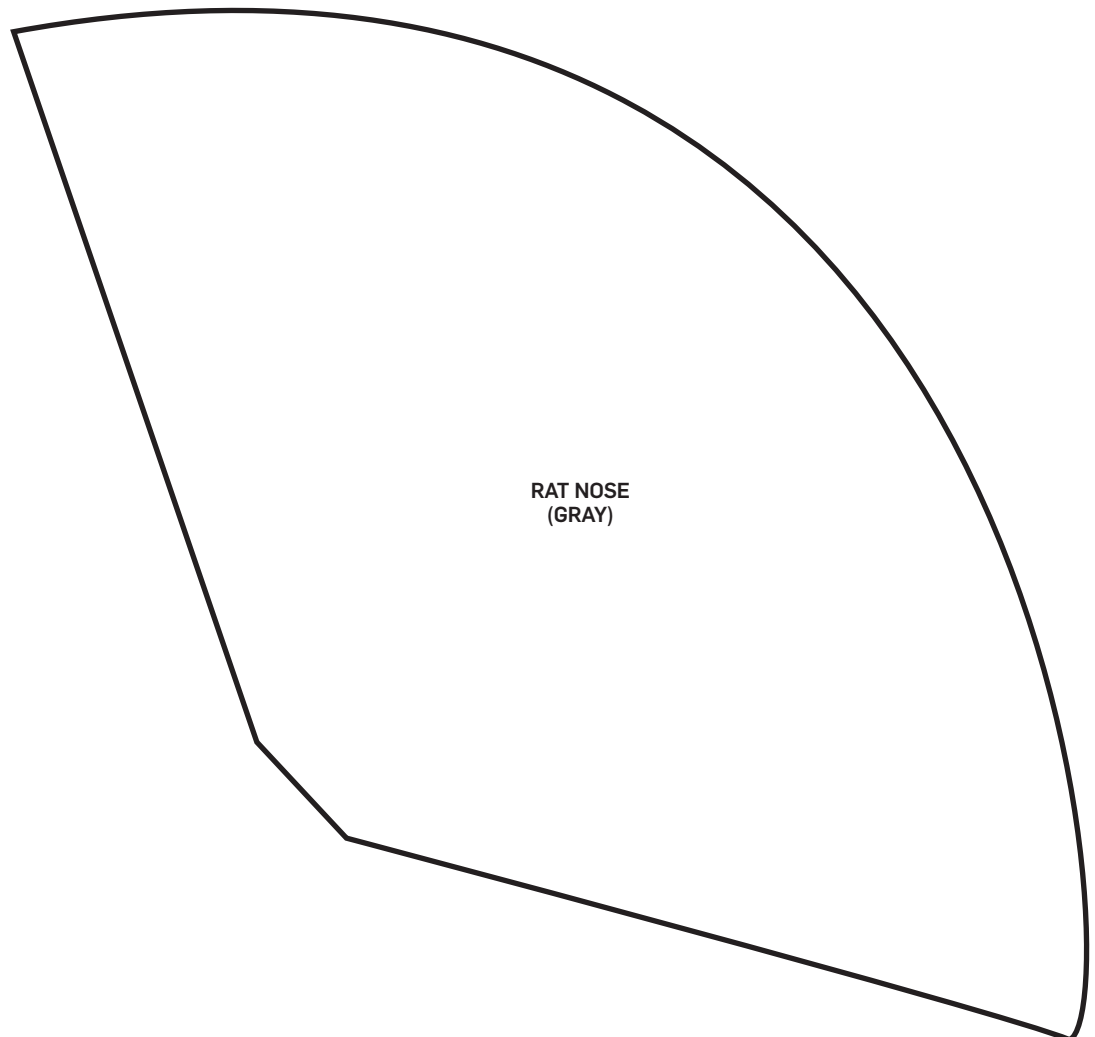

MAKE Ears and a nose

WHAT TO DO

1. Trace the ear and nose templates onto **pink** and **gray felt** as indicated; cut out.

2. For the nose: Roll the gray felt into a cone, **hot-glue** closed (an adult's job). Glue a **black pom-pom** to the tip and use an **embroidery needle** to thread on three 6-inch lengths of **white waxed twine** to create whiskers. Glue the nose to the bridge of a pair of **sunglasses**.

3. For the ears: Glue the pink ear piece onto the gray piece as shown, then hot-glue them to the sides of a **fedora**.
