

FamilyFun

Father's Day | Door Hanger

WHAT YOU'LL NEED

- Scissors
- Cardstock in a few colors
- Silver pen
- Glue stick

1. Cut cardstock into a 10 x 4¼-inch rectangle. Round off one end.

2. Near the top of the rounded end, draw a small circle. Cut a slit from one side to get to the outline, then cut out the circle.

3. Decorate the door hanger as shown (or however you'd like!) with a silver pen. Glue on construction paper designs in contrasting colors.
